WHY SPECIFY FAÇADE F-TYPE EDUCATIONAL PINNING BOARDS?

Most pinning boards, regardless of the finish (carpet, felt, cork, etc) are made with a soft-board core. When a pinhole is made in soft-board, the hole remains after the drawing pin is removed. Over time, the board loses the ability to hold the drawing pins.

Façade F-Type Educational Pinning boards are laminated with a special foam rubber-backed pinning board material, which is designed to grip drawing pins securely and which has the ability to close up the holes after the drawing pins are removed. This makes these boards perfect for educational facilities where they are in constant use.

APPLICATIONS FOR USE

Although Façade F-Type Educational pinning boards can be utilised in various applications, they are primarily specified for schools, where their long lifespan make them the boards of choice.

The surface material of Façade F-Type Educational pinning boards has stain resistant properties. The boards have a sturdy construction, are framed in natural anodised aluminium channels (which can be powder-coated on request) and have a foil backer which protects the boards against delamination caused by moisture, an especially important consideration in coastal areas.

CLEANING METHOD

The polypropylene surface finish of the Façade F-type Educational pinning board is stain resistant. Dust and dirt that may collect on the board surface over time can be cleaned with a vacuum cleaner or dry carpet shampoo.

SIZES

- 600mm(w) x 900mm(h)
- 1200mm(w) x 900mm(h)
- 1000mm(w) x 1000mm(h)
- 1500mm(w) x 1000mm(h)
- 1800mm(w) x 1000mm(h)
- 2000mm(w) x 1000mm(h)
- 2400mm(w) x 1000mm(h)
- 3000mm(w) x 1000mm(h)
- 1000mm(w) x 1200mm(h)
- 1500mm(w) x 1200mm(h)
- 1800mm(w) x 1200mm(h)
- 2000mm(w) x 1200mm(h)
- 2400mm(w) x 1200mm(h)
- 3000mm(w) x 1200mm(h)

SPECIFICATION

Façade F-Type Educational pinning boards in specified colour, comprising 9mm thick foam-backed stainproof, polypropylene pinning board material, laminated to softboard and finished with a stabilising foil backer, neatly framed all round with natural anodised aluminium channels and supplied complete with fixing brackets and screws.
